LIEU.CITY FOR GALLERIES

LIEU.city dynamically generates complex exhibition spaces and hangs the **artworks** according to the curator's instructions. It allows you to create your own digital archive with your artworks always at your fingertips availability. The events and spaces in the Metaverse can be shared in public as well as private mode. The **HD image** quality is perfect and allows your visitors to feel immersed in the virtual visit.

LIEU.city allows the user to create their own **wish list** while navigating the virtual event and provides a visit **report** about each artwork to the gallery owner.

LIEU.city takes **confidentiality** aspects to heart: data is shared on a peer-to-peer mode and are not distributed via the server.
